## Invest for the future

Evergreen can make a difference. You encourage the development of renewable energy sources when you sign and return this form.

By participating in this program, you are investing in the future of the environment and helping to ensure a cleaner and greener world for you, your children, and grandchildren.

Renewable energy is available for purchase in blocks of 100 kWh. Each 100 kilowatt-hour block will cost \$1.50 per month more on your monthly electricity bill. Therefore, if you choose to purchase one block (100 kWh), and your average monthly bill is \$70, your bill would be \$71.50.

---

### Evergreen participation form

Please indicate the number of 100 kWh blocks you wish to purchase each month. Each block will cost an additional \$1.50 per month.
